1964 GOLD AND BLUE

ECHO

STILESVILLE HIGH SCHOOL
STILESVILLE, INDIANA

We Danced Into "Spring"

Our Junior-Senior Prom was held at the Airport Hotel, Indianapolis, Indiana, on Friday evening, May 3, 1963. A combo, "The Dukes of Athens," provided the music for dancing.

"Variety was the spice" of the dance music, from the twist to fast swing, which was enjoyed by both students and faculty.

Informality Was the Keynote as Everyone Danced and

Our Junior Year Ended as

In a "Fantasy" of Swing

Our favors featured miniature paddles for all the people who attended, with our theme, school, the date, and names of class members. Class colors of lavender, white and gold were used to carry out our theme, and our programs.

These couples like the slow numbers featured by the combo.

Enjoyed a Smorgasbord

Here members of the administrative staff of our school enjoyed their "evening out" with us.

Senior Days Mean Senior Plays—

In "If Boys Wore Skirts"

Legs Were the Thing

And Ours Were Quite a Success

For a "Quiet Home Wedding"

Don't Lose the Ring.

Students Work Together

Good Manners, Good Grooming,

To Promote

Good Health and Safety

Members of the Safety Patrol were: Sam Hutchins, Jerry McConnell, Don Hudson, and Merlin Martin.

CLAYTON BRANCH
The Danville State Bank
Clayton, Indiana

Parties are also part of our school life to be remembered--how about this one?

Juniors are involved in selling magazines, play tickets and concessions during the year. Here, Paula Brock and Tom Freije are selling "coke" at a home game.

Seniors are easy to recognize by their "Senior cords." At SHS, ours are no exception.

Not the Briefest Moment—

Yours or Mine Can Ever Come Again

LEFT DOWN: Kristie Ray, Cynthia Richmond, Barbara Arnold, Beverly Hampton. RIGHT DOWN: Samuel Hutchins, Paul Vaughn, Darrell Barrow, Jimmy Cooper.

We entered SHS as first graders on August 29, 1952. School gave us new experiences, new friends, and above all knowledge. Now, as twelve-year Seniors, our years at SHS are at an end. Once again we are entering a new way of life and are . . .

Looking to the Future

The Stilesville Senior Class of 1964 is unique in that it is the last class to graduate from Stilesville High School. During the years we have spent here "in our small school," we have collected many happy memories, a few sad ones too, but all are worth remembering, as we hope yours are to you. We know the underclassmen, while not forgetting Stilesville High, are looking forward to Cascade High School which will be new, with more students, and more modern facilities. Some will be the first class to graduate from Cascade, while others will be looking forward to spending more than one year there. While we revel in their gladness of Cascade High School, we revere dear old SHS and those who have guided and worked with us through our years here. Now we are "LOOKING TO THE FUTURE" not with regret, but with great anticipation of the experiences of life which await us as we graduate!

Our Deeds Are Quickly Hidden

ABOVE: Ground-breaking ceremonies for Cascade High School were held on Saturday morning, September 14, 1963. Members of the school board were among those happy to "administer the shovel" to get construction under way.

BELOW: By January 23, 1964, our new school was rapidly taking shape despite some inclement weather. Now we eagerly await its completion.

REPP AND MUNDT, INC.
Columbus, Indiana
GENERAL CONTRACTORS for NEW CASCADE HIGH SCHOOL

By Those Who Follow After

WE CONGRATULATE THESE MEN WHO WILL CALMLY GUIDE US

MR. KENDALL R. KELLER is the Superintendent of Schools for Cascade High School and grade schools in the Mill Creek Community School Corporation.

"Education is capital invested for the future."

MR. JAMES M. HAMMOND, former principal at Stilesville and now principal of Amo schools, will assume his new duties as Principal of Cascade High School on June 1, 1964.

"His noblest motive is the public good."

MR. I. E. LEWIS, now principal Stilesville, has accepted the position of Assistant Principal of Cascade High School. He will assist the superintendent and principal in seeing that students use their time and efforts wisely.

"Knowledge will not be acquired without pains and application."

Care and Diligence Bring Sure Reward

LEFT TO RIGHT: Kendall R. Keller, Superintendent; John A. Kendall, Attorney for Mill Creek Community School Corporation; Ford Bergen, Architect for Cascade High School. FRONT: Mrs. Barbara Lawrence, Superintendent--Board Secretary. They have spent many hours in the interest of planning and completing Cascade High School.

The Holding Corporation was organized to sell bonds for Cascade High School and to show the bonding company there is local interest. Its members represent three townships in Mill Creek district.

115 North Jackson Street
Greencastle, Indiana

ACTIVITIES—

Patience and Perseverance

The Student Council members are representatives of the student body. The duties of these members are to better the school in whatever ways possible. Their activities this year have been sponsoring the homecoming, sock hop, co-sponsoring junior and senior high dances, convocations, and Christmas decorations of the school.

Every student's scholastic ability is recognized by the opportunity of joining a national organization--National Honor Society. To become a member one must maintain a "B" average through the four high school years, as well as trying to fulfill the four principles of the organization: character, leadership, scholarship, and service. By the three schools of the Mill Creek Community meeting together this year, they are already organized as the Cascade Chapter for next year's consolidated school.

Conquers All

Gold and Blue Echo Staff

Subscription Committee

Advertising Committee

The Gold and Blue Echo Staff was chosen in October. We have worked many hours to make our last yearbook at Stilesville something special for all. Beverly Hampton and Cindy Richmond were co-editors. Mrs. Deich was our sponsor.

Jo Ann Couch was Subscription Manager. Barbara Arnold was Advertising Manager. These groups have worked hard and our yearbook and advertising sales were very good.

The Future Homemakers of America is the national organization of girls and boys studying homemaking, in high school. Any student enrolled in a high school who is taking or has taken a homemaking course in junior or senior high school, may become a member.

Above: Initiation

Below: Officers

Put Your

The motto of the organization is "Toward New Horizons." This motto is a challenge. It reminds members of their contributions to home life. The emblem is an eight-sided figure that symbolizes the significant purposes of the organization. The flower is the red rose. The rose was chosen, because of its beauty and has always been a favorite flower all over the United States. The FHA colors are Red and White. Red, an intense color, suggests strength, and white is recognized as the symbol of sincerity.

Kristie Ray is representing Hendricks County on the State Junior Leader Council.

David Hampton, Kent McClellan, Nancy Little, and Beverly Hampton received green jackets for their attendance at the State Junior Leader Round-Up at Purdue University.

Best Foot Forward

The Franklin township 4-H Clubs work especially hard during the summer months to carry out their motto: To Make The Best Better. Mrs. Mason sponsors the girls' club and Mr. McClellan sponsors the boys' club.

When the Band Begins to Play

The band consists of thirty-four members. They took part in the Martinsville Fall Festival Parade in October and the Veteran's Day Parade at Danville in November. They marched at four ball games and were in the Mill Creek Schools' concert, besides giving two concerts of their own. Band members who took part in the Cascade Invitational Solo and Ensemble Contest at Clayton were: Ronnie Brown, Janet Stubblefield, Renda Walter, Diana Hampton, Mary Jean Arnold, Kathleen Brown, Ronnie Cooper, and Anita Clark. Those taking part in the District Contest at Depauw University were Ronnie Brown, Shirley Phillips, Marian Wishmire, Paula Brock, Janet Stubblefield, Renda Walter, Diana Hampton, Mary Jean Arnold, Kathleen Brown, Anita Clark, Judy Morgan, Phyllis Farthing, and Janis Morgan. Debby Keller, Renda Walter, Nancy Little, Diana Hampton and Judy Arnold were Accompanists for the solos.

The Junior Band and the Beginning Band each have sixteen members in them. The Junior Band played in two concerts.

MRS. THELMA SUTHERLIN
BAND AND CHORUS
DIRECTOR

DRUM MAJORETTE--Judy Morgan; MAJOR-
ETTES--Beverly Bernhardt, Paula Brock, Marian
Wishmire.

BAND OFFICERS--FRONT ROW: Ronnie Brown,
Paula Brock, Janis Morgan; SECOND ROW: Diana
Hampton, Beverly Bernhardt, Carol Clark, Mary Jean
Arnold.

Music Is the Speech of Angels

The Chorus consists of 28 members. They sang for the school for a Thanksgiving convocation and gave two concerts. They also took part in the Mill Creek Schools Concert. Chorus members who sang solos at the Cascade Solo and Ensemble Contest were Judy Morgan and Janis Morgan. Those who sang solos at the District Contest at Depauw University were Nancy Little, Judy Morgan, Donna Young, Janis Morgan, and Beverly Bernhardt. Diana Hampton and Judy Arnold accompanied them. They are also the Chorus accompanists.

CHORUS OFFICERS

The seventh and eighth grade chorus sang in two concerts and for the school at a convocation. Debby Keller and Anita Clark played piano solos at the Cascade and District Solo Ensemble contests.

ADMINISTRATION

SUPERINTENDENT, KENDALL R. KELLER

Longer Than Deeds

Stilesville is proud to have had Mr. Keller, now superintendent of Mill Creek Community School Corporation, as our former principal. Although he has many and varied responsibilities with the schools in the corporation, his commitments have increased with the construction of the new Cascade High School. We have been happy to see his interest and presence at many of our school activities this year.

The board members are shown here left to right: Treasurer--C. B. Edmonson; Member--Roy A. Hampton, President--James I. Cooper, Vice-President--Lewis Hadley, and Secretary--Thomas O. Richardson. They pave the way for the superintendent's decisions and are responsible for the case and distribution of money for the betterment of our schools.

Lives the Word

Mr. Lewis is experiencing his first year as principal at Stilesville. He was assistant principal and guidance counselor at Clayton for two years. We find that though he is a very busy man, he will listen to our problems, and is firm when necessary. Besides serving in his administration capacity, he teaches ninth grade English. He is a science enthusiast and likes to collect rocks and insects as a hobby, though his interests are many.

I. E. LEWIS

LEFT: Mr. Lewis is shown counseling the class presidents.

BELOW: He is seen teaching his ninth grade English class.

Mr. McClellan, our industrial arts teacher, has classes in shop, drafting, and mechanical drawing. He is Freshman class sponsor this year. He has also planned our Halloween carnivals each year. The boys' 4-H Club keeps him busy in the summer, as well as showing his ponies, hogs and cattle at various county fairs and the state fair. He is a 1920 graduate of Stilesville High School and has taught for thirty-nine years.

In MECHANICAL DRAWING the students are given projects such as cones and pyramids, which they draw and develop. SHOP classes are offered to grades seven through twelve. They make everything from bookends to cedar chests. Learning the use of many tools is a "must" to all boys, to provide good use of their time for constructive purposes as well as satisfaction in the finished product.

MR. LOYD McCLELLAN

He Profits Most

MRS. RUTH DEICH

Mrs. Deich is "little but mighty." Upon leaving her first period bookkeeping class, she goes to advanced typing, shorthand, art, grades one to eight; and girls' physical education, grades seven to ten. Besides her busy schedule, she is Senior sponsor, is the school bookkeeper and treasurer, and sponsors the yearbook and school paper. She has been in the teaching profession for sixteen years. Besides her family and school interests, she enjoys reading, traveling, good musical comedies, and is an amateur photographer.

Bookkeeping educates the student in the handling of one's personal business affairs, and with other commercial subjects, provides a good basis for careers such as accountants and secretaries, and other business positions. Enthusiastic Seniors in BOOKKEEPING class put principles to work when they worked out two sets this year with the business papers. In HEALTH class, J. Stubblefield gives an outside report which is both interesting and informative to the class. We learn about ourselves, then in physical education we learn to exercise properly, become more co-ordinated, develop leadership and good attitudes, besides the fun of realys and games.

Who Serves Best

MRS. HELEN MASON

Mrs. Mason divides her time between her classes and conferring with the cooks in the cafeteria. Faculty and students enjoy the delicious meals which she plans. She teaches all home economics classes, grades seven to twelve, and chemistry. She is co-sponsor of the Junior class, FHA organization adviser, and active in girls' 4-H during the summer. She has taught sixteen and one half years. She is interested in college educations for her children. Every Wednesday night she can be found engaged in her favorite pastime--bowling.

CHEMISTRY is among the subjects some students are taking to provide a basis for their future careers, such as dentistry and medical technicians. HOME ECONOMICS helps to prepare every girl as a future Homemaker in the fields of cooking, sewing, and home management. This also includes home nursing which is important training for every homemaker.

A Finger in

Mr. Beck teaches all high school math classes: algebra one and two, solid geometry and trig, plane geometry, and general math. This schedule keeps him quite busy grading papers, and he also helps those students who need extra help. He is co-sponsor of the eighth grade. In the winter, he is an avid basketball fan, and in the summer we find him engaged in gardening and golf.

In SOLID GEOMETRY, students find volumes of solids and prisms, and in trigonometry, they work more advanced problems with angles, tangents, etc. General math is a good refresher course for high school students. Algebra one introduces equations, and algebra two is even more fun with more difficult ones to solve.

MR. ABNER BECK

Every Pie—Pi

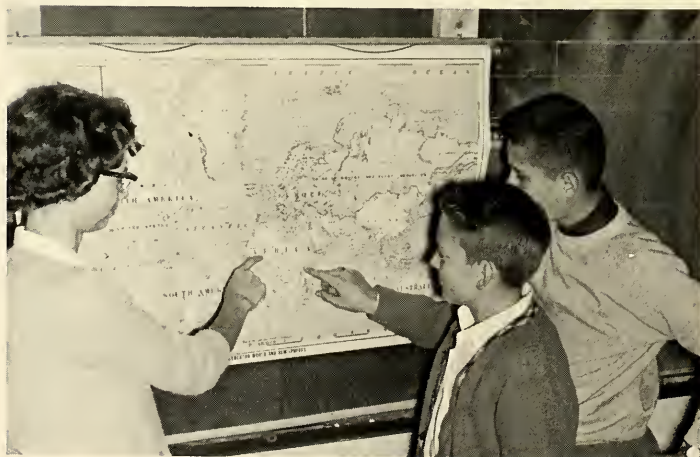

MR. ROBERT SMITH

The Pen Is

Mr. Smith has the job of interesting his students in all areas of our civilization, from medieval times to the present. Teaching government, and sociology, U. S. history, WORLD HISTORY, and seventh and eighth grade history make up his daily schedule. He is co-sponsor of the Junior class and of Cascade chapter of the National Honor Society. This year marks his third year of teaching. After obtaining his masters' degree this summer, he hopes to spend more time reading and enjoying his record collection.

GOVERNMENT is important as we, as future voters, need to know the heritage of our country and state, and how it functions.

Mrs. Crawley teaches English 10, 11, and 12; composition 12, and Spanish I and II. She sponsors the Booster Club and is co-sponsor of the Seventh grade this year. Sewing and cooking are her special interests, though she likes to travel and desires to visit Spain or Mexico. She has taught for three years.

English is important as it is the basis of the learning of all other subjects. Correct spelling and punctuation are the marks of an educated person. Literature gives us a background for selecting good informative and interesting reading.

SPANISH students who can talk the language find it both an interesting and of growing importance as preparation for college and world communication.

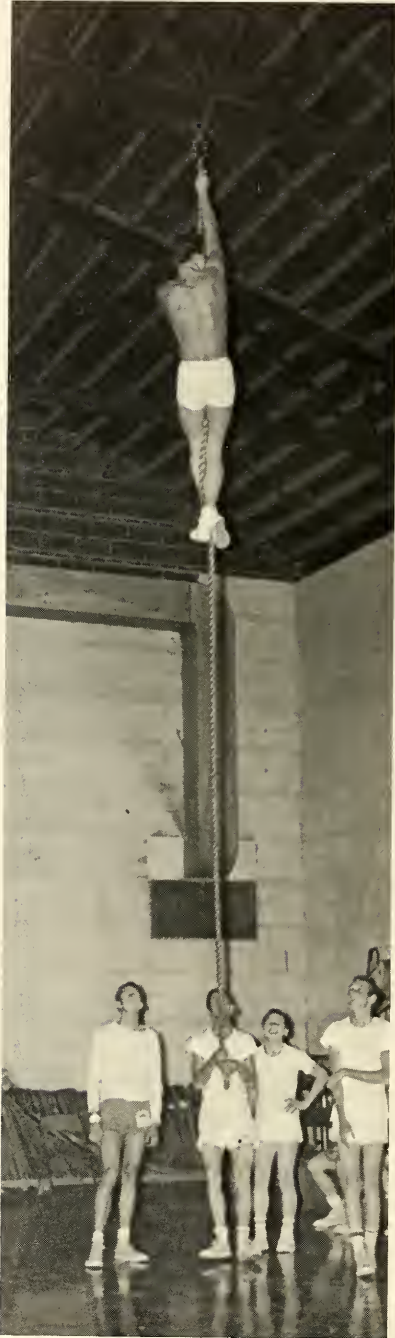

MRS. DOROTHY CRAWLEY

The Tongue of the Mind

Be Always Sure You're Right

MR. RICHARD CRAWLEY

Mr. Crawley teaches junior high science, biology, boys' physical education, driver's education and is varsity coach. He is the Sophomore class sponsor. He likes all sports, but is found on the golf course whenever possible. This year completes his sixth year of teaching.

In PHYSICAL EDUCATION one may develop physical physique. The seventh grade SCIENCE class is an eager group when an experiment is conducted. The enthusiastic and inquisitive student may make a scientist in the future.

Then Forge Ahead

Mrs. Sutherlin has a full schedule with TYPING ONE, Junior bookkeeping class, GENERAL BUSINESS, high school band and chorus, junior band, and chorus, beginner's band, and all music in grades one to eight. She is co-sponsor of the seventh grade. During her seven years of teaching she has enjoyed her hobbies of sewing and reading.

As business becomes automated, students find it is important to get a good background in high school by taking all the commercial subjects possible, and then specializing with further training. Typing students are aware that typing is important whether they are going into the business field or not. Most of our reports, themes, and research papers must be typed.

MRS. THELMA SUTHERLIN

MR. KENT ALMOND

Mr. Almond teaches all junior high subjects, namely, MATH, English, and physical education; coaches the seventh and eighth grade teams, and also the B-team. He is co-sponsor of the eighth grade. He has been a teacher for two years. He is interested in all sports and hopes to stay in that field. In leisure time he relaxes with his record collection. The two subjects which he is teaching are those basic to all other subjects. The need for a grasping of each of these is essential to all students, no matter what their future plans may be. PHYSICAL EDUCATION is far more than exercising and playing games; it gives the student the chance to learn about himself, his abilities, and his limitations. This is the combining of mind and body into unity. His favorite quote is: Have the wisdom to set suitable ends; have the knowledge to use proper means; have the common sense to realize one never justifies two.

and Serve

MISS MARY WARMOTH, LIBRARIAN

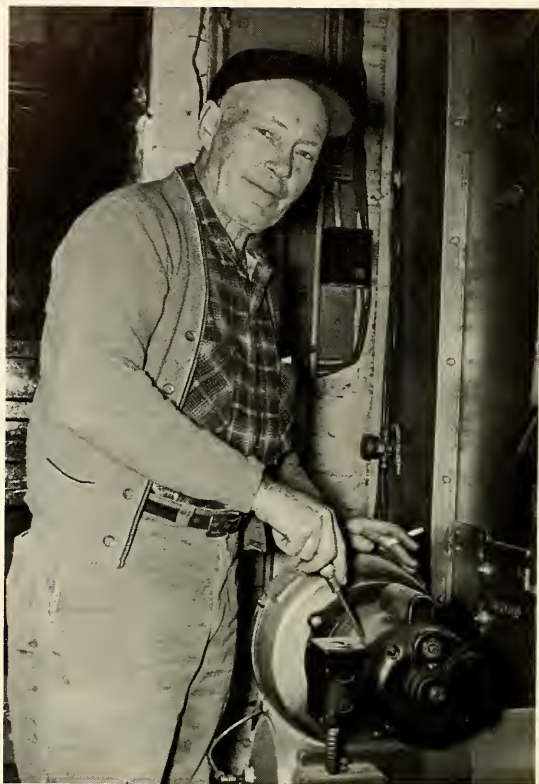

COOKS: ETHEL BUIS, HAZEL ALEX, DOROTHY CLEARWATER

Some more friendly faces seen around Stilesville High are the cooks and librarian. The students keep them busy but they don't seem to mind.

The students enjoy sharing the library and are happy when lunch time comes.

All the While They Work With a Smile

"How about borrowing a screwdriver, hammer and nail?," is often asked of Mr. Fisher, our custodian, when a teacher wants to hang a calendar or tighten a desk. Aside from these little extras, he services the school and gym.

CUSTODIAN--MARVIN FISHER

Hugh Patrick, Lewis Thorpe, Paul Davis and Ova Costin, are relaxing and discussing the various problems of school bus drivers, while waiting for the last bell to bring the students to their buses and their trip home.

MRS. ENNIS JOHNSON

Mrs. Johnson's first graders do various nature projects during the year, a bird project being one of interest this year. Reading is her favorite subject, and the children do plenty of it. Mrs. Johnson has taught for twelve years. Painting is her favorite pastime.

We Grow Through Expression

Art is taught by Mrs. Deich to grades one through eight. Free-hand drawing is done in all classes. This is one way a student may learn to express himself, though we know all will not become great artists. Watercolors are used in the upper five grades, as well as crayons. Special projects are made from time to time in the classes, sometimes pertaining to holidays etc. Color harmonies, perspective and lettering are studied in the upper grades.

ABOVE: The autoharp is used throughout some of the grades in Mrs. Sutherlin's music classes, since a piano is not always available. Besides singing favorite songs that the students have learned, dances are taught with some of the songs that the children enjoy. They also learn the music theory which includes reading notes, timing, and rhythm.

LEFT: When we get to the top, we are looking forward to our ride down. We as grade students are looking to our next few years at Stilesville, and then on to Cascade for our junior and senior high years.

ATHLETICS

They Led Our Cheers

MILDRED SPEAR

The Booster Club was organized for the purpose of improving school spirit and achieving good sportsmanship. The enthusiasm of our booster section has greatly "boosted" the playing ability of our ballteam. This year several sock hops were sponsored by the Booster Club. Mrs. Crawley has been our sponsor.

JANIS MORGAN

MARY JEAN ARNOLD

Throughout the Year

DIANA HAMPTON

JUDY ARNOLD

The cheerleaders have helped to make our cheerblock a success. The yells they lead not only help to control the students emotions which are aroused by the thrilling games, but help to keep the spirit of the boys high whether the score shows they are ahead or behind.

LAURA FAETIC

Our Spirits Soared as the Boosters Roared

The Stilesville Tigers played their games with great determination to win. The wins as well as the losses were beneficial to each in displaying their own physical skills and initiative. This is the last year we will be basketball rivals with Amo and Clayton. Next year we three will be representing Cascade on the new gymnasium floor.

JERRY McCONNELL

Boys Are Eager to Participate

The coaches, Mr. Crawley and Mr. Almond, work together explaining the different fundamental plays and team work.

ABOVE: The cross-country team this year completed in three dual meets, winning one of them. They finished fourth in the Little Eight Conference Meet.

RIGHT: The baseball team had a 6-7 season this year. They finished sixth in the conference with a 2-4 record. The team finished the season strongly winning the last three games.

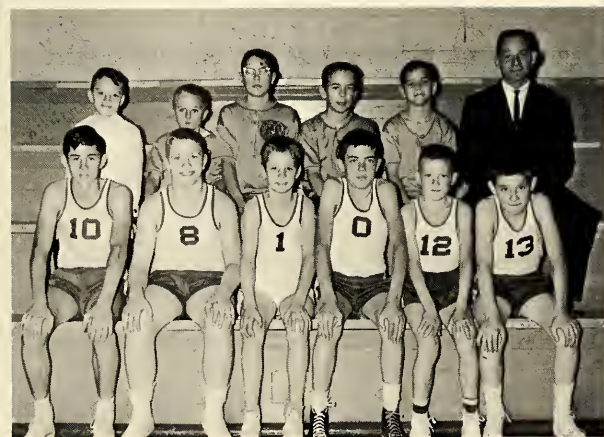

ABOVE: The B-Team improvement throughout the season has been great. After a fair start the much sought after qualities of hard work and team spirit, paid off handsomely. Whatever the record at season's end, it cannot show the complete cooperation and will to win that this group has brought forth. This is in every sense of the word, the B-Team.

ABOVE AND LEFT: The transition to organize basketball is a difficult step for boys to take. Practice on the game's fundamentals soon began to reap results. The teams this year have done much learning, but of course have much more to do. These junior high boys have the invaluable willingness to learn which will make this job much easier for them.

HOMECOMING JOYS

Miss Nancy Little, president of the Student Council, served as mistress of ceremonies at Stilesville's first and last homecoming.

It was a stormy night and due to lightning striking the roof, the gym began to leak. Thanks to Mr. Fisher and Nancy the homecoming went on.

Nancy is seen here pinning the banner on King Daniel Whaley. Daniel is a Junior and member of the varsity. He also takes an active part in other sports, such as baseball and cross-country.

KING DANIEL WHALEY

Roses for the Queen

Miss Vicki Couch and Master Bruce Little assisted in the ceremonies. Bruce is carrying the crown and banners, while Vicki carries the traditional dozen red, long stemmed roses.

WERE SHARED BY ALL

King Daniel Whaley crowns his lovely Queen, Judy Arnold. Judy's dress was white organdy with blue embroidered flowers. She is a Junior and varsity cheerleader.

After the Queen was presented with red roses, the King and Queen, and their court proceeded to the throne.

The candidates for King and Queen were selected by the individual classes and then the King and Queen were chosen from the sixteen candidates.

QUEEN JUDY ARNOLD

The candidates were (left to right): Cindy Richmond, Darrell Barrow, Diana Hampton, Terry Kersey, Laura Faletic, Mike Whaley, Mary Jean Arnold, Dick Hayden, King Daniel Whaley, Queen Judy Arnold, Paula Brock, Tom Freije, Deborah Hart, Merlin Martin, JoAnn Couch, and Larry Buttler.

Winning Floats, Cheers and

The Senior's worked hard on their float to achieve success.

The Senior float won first prize, its theme being "Shoot For Victory, Tigers." The theme was carried out by having a tiger shoot a basketball out of a gun. While the opponents, the Blue Jays, boiled in oil.

Second place was taken by the Freshmen. The theme of their float was "Progress Through The Years 1912-1964."

Victory for Our Team

ABOVE: The cheering section was in fine voice to cheer the boys on to victory, and that they did.

ABOVE: Thanks to Mr. Fisher the leak didn't stop the game for long. Here he is seen catching the drip.

RIGHT: Victory for the Tigers was the final keynote of the night. It was a close game but the Tigers came through in great form.

Not the End

Just the Beginning
